Dearest Jo Beth,

Do you remember your last party. I had more fun at that party than I've ever had before. Even though I didn't act to nice, (running around in those cars) I did have lots of fun. You can really put things over.

You are the <u>cutest</u> and nicest girl I know and I love you more than y'all ever know! Even though we sometimes don't get along (we don't really mean it) we are always closer when our little fusses is over, at last I mean.

You and Clifford make a darling couple and although you two fuss too you both are always willing to make up. (ummm two love never runs smooth) Clifford is sorta' fickle but he really loves you lots. You know Janice's party when he sat by ——— It wasn't his fault, she just sat by him, he didn't sit by her.

We've really known each other a long time but just this year we've started

I haven't known you all my life but ever since I have, I have thought a lot of you, and I have thought you were real sweet and very cute. We have had lots of fun, and I really hope we can keep on. One of ~~your~~ the cutest things about you is your face. You have a darling one. Put that with your figure and clothes and you have one of the cutest girls that is to be found in Junior High.

I remember someone telling me about when you spent the night with Jacqueline and you and Clifford had just had a little fuss. Jacqueline had given up and he would come back and apologize (can't spell it.) so she got ready for bed — then here he comes. I tell you — you and Clifford make a really precious couple. I hope you go with him a long time. Just as you said at Janice's though some boys are just "like that". Why I'll never know.

Please stay just the way you are now, Jo Beth, and you'll really go places.
